

User Stories & Wireframes

Story #1:

As a user, I want the welcome page to feature various GIFs so that I can easily browse through them without needing to use a search bar.

Acceptance Criteria:

- The welcome page should display a variety of GIFs from the API.

Story #2:

As a user, I want the website to have a search bar so that I can search for GIFs of similar types.

Acceptance Criteria:

- The website should include a search bar.
- The search bar should allow users to enter and submit a keyword.
- The website should display GIFs based on the submitted keyword.

Story #3:

As a user, I want to be able to view GIF images with transparent backgrounds.

Acceptance Criteria:

- Add a transparent background GIF section.
